

2022-2023 Student Destinations

We monitor the destinations our students head to after they finish with us, to assess how our Careers action plan and policy are impacting on our student body. Below is a summary of where our students have progressed to in the last academic year. Information regarding destinations is updated annually in the summer term, and the Careers policy will be updated annually. Our Careers action plan is an active document, updated regularly to meet the needs of our students.

Destination	Total	%
Further Education	164	92.13%
