

Year 11 Revision Evening 21st October

Dear Parents/Carers,

A Year 11 Revision Workshop evening has been organised for Monday 21st October. Please arrive at 5:45pm to allow sufficient time to pick the workshops you would like to attend. Workshops will run every 15 minutes from 6pm until 7:30 pm.

You will have the opportunity to visit up to five different workshops offering different strategies that students can use to facilitate healthy and effective revision. Each workshop has been designed and developed by an experienced professional in an area of their particular expertise. Exemplar materials will be provided to take away, use and develop as part of their revision. The materials from each workshop can be adapted for use in any subject.

The workshops will include:

- Designing an effective revision timetable
- Using flash cards in English Literature
- Using mindmaps to identify areas for revision in Science.
- The use of online apps to improve knowledge and understanding.
- Ensuring good mental health during revision
- Effective note taking and knowledge retention
- Where to find key information about the course
- Aiming for the top grades (7-9)

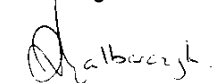

More workshops will be available on the evening, you will be able to choose the most relevant ones. Experienced teachers and support staff will also be available if you have any further questions.

A mock exams week has been scheduled for the second week back after half-term. Trialling these strategies at this stage in Year 11 will allow students to identify what works most effectively for them and improve their attainment in their final exams.

To ensure there are enough materials and sessions available for demand, please could you complete the reply slip and return it to your student's form tutor by Wednesday 16th October.

I look forward to seeing many of you there to support students in the run up to their exams.

Kind Regards

Andrew Nalborczyk

Associate Assistant Headteacher and Director of Science
