Remote Learning Update 5th January -15th January 2021

Dear Parents/Carers,

Due to the Government's decision to begin term in a remote capacity, we have updated our remote learning strategy for these initial two weeks, to allow for the in school COVID testing procedures to be developed.

We do not want any children to miss out on their education due to the pandemic, so remote learning will be for all students from 5th January 2021. We have prioritised provision for examination classes in years 10 and 11 and they will receive provision for all their subjects.

All students will be invited, via Teams, to an assembly on 5th January where key information will be shared, please support us by ensuring your child attends this session.

There is an expectation for students to complete their remote learning and attend all the Teams sessions that have been timetabled. We will be using Class Charts to track students who are not fully engaging with the remote learning so we can offer targeted support and ensure that no students are disadvantaged by having to learn remotely.

All teachers will be in school during this time, so if there are any difficulties with the work being set, then please send an email and our teachers will get back to you. Work will be set at least a day in advance of the Teams session, please support your child in organising their time to ensure work has been completed before attending a Teams session.

Year 11

Students will follow their usual timetable this week. Teachers will set remote learning activities for the lessons they will have with one Teams session per subject this week before they return to normal lessons, in school, from the 11th January. This will allow teachers to continue the curriculum or help students prepare for their mock exams, which are have been rescheduled to begin Monday 25th January.

Alongside this work that has been set by teachers, students should be completing additional independent revision to prepare for their upcoming mock exams.

Instructions for Y7-10 and Teams' timetables are provided on the next pages.

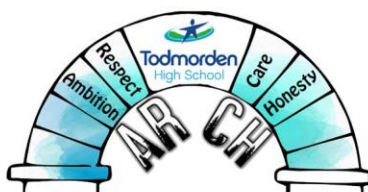

The timetables for the Teams sessions next week will be published at the end of the week.

Should you have any further questions, please contact school.

Kind Regards

Andrew Nalborczyk

Assistant Headteacher

Year 10

Remote learning activities will be set by departments. Students will have 2 hours of remote learning and one Teams session per subject per week.

Year 10 - Teams lesson timetable – W.B 5.1.21

Time	Monday 4 th January	Tuesday 5 th January	Wednesday 6 th January	Thursday 7 th January	Friday 8 th January
